

SONOFF® Smart Dimmer Switch

Ref. SONOFFDIMMER

Dimmer switch. Dimmer to use with dimmable LEDs up to 150W or up to 200W in incandescent lights. Adjustable in 4 intensity levels with remote control RM433 (not included), adaptable to higher and lower brightness levels with the eWeLink app. Compatible voice control with Alexa and Google Home. 433MHz remote control not included. Control your lights from anywhere with the eWeLink app. Share smart dimmer programs and scenes with your family members. Adjust the desired brightness from 1% to 100% through the dimming area in the app or using the voice command; the brightness memory function will remember and return to the last light setting when turned back on.
