

Magnetic linear track light - RGB + CCT - 24W - Mi Light - White

Linear focus with opal diffuser for 24W magnetic track, featuring a modern and highly versatile design. It installs easily by pressing the base onto the rail, without the need for tools. It offers multiple color options thanks to its RGB system and its CCT system allows you to adjust the white temperature, from warm white to cool white. The control of color, hue, brightness, and saturation is done using the compatible "Mi Light" remote (Ref.: FUT092 and FUT096) Due to its wide light opening angle (120°), it provides general and ambient lighting.
