

## Solar garden bollard "MIZAR/ROSETTA" with PIR sensor - 2 operating modes - 4000K

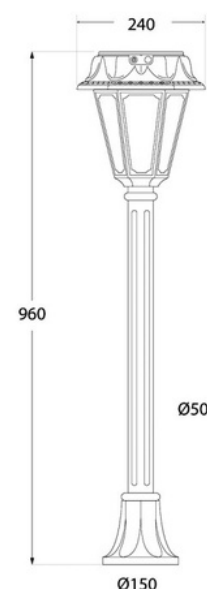

Ref. R22.151.000.AFS3L

LED solar garden bollard from the Italian brand FUMAGALLI with a classic design featuring a motion sensor and a replaceable battery. It is made of shock-resistant resin, corrosion-resistant, and UV degradation resistant. Perfect for illuminating gardens and terraces, or for highlighting pathways. Incorporates CCT system that allows you to adjust the color temperature between warm white, cool white, and neutral white. It also has 3 operating modes: summer mode, winter mode, and sensor mode. It is a luminaire with Class III protection and IP55. Available in black color.
