

Single-color RF dimmer control for LED lighting up to 4 zones - SUNRICHER - Easy RF

Ref. SR-2801F

The D2801F controller is a remote control for control and regulation of single-color LED lights with RF signaling. In a compact form and with an easy-to-use interface, it can control up to 4 independent zones and provide smooth, even, and flicker-free dimming from 0.1% to 100% without jumps. Range distance up to 20 meters from the receiver. Includes batteries and magnetic wall mount. Compatible with the Sunricher Easy RF product range.
