

RGBW outdoor LED floodlight with remote control - IP65 - 120°- 50W

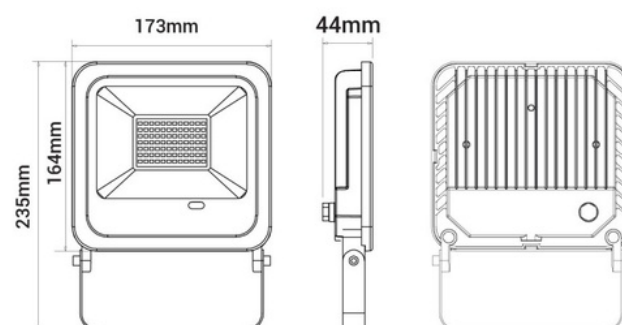

Ref. B1458-N

The RGBW adjustable outdoor LED projector is a durable and efficient lighting device. With a power of 50W and an IP65 protection rating, this projector is suitable for outdoor use even in adverse weather conditions. It is ideal for replacing traditional bulbs of up to 300W, allowing for significant energy savings. Additionally, its ability to create numerous color options and possible configurations makes it an excellent choice for customizing lighting in different situations. It comes with a remote control to manage all functions. Includes a stake for securing it to the ground.
