

## LED Strip 12V-DC 72W 10mm multicolor RGB IP67 (SMD505050 60ch/m) 5 meter roll

### Ref. B1546-IP67

12V DC RGB LED strip, total power 72W, width 10mm (12mm with the IP67 silicone coating) and luminous angle 120°. It has 300 SMD5050 LED chips (60LED/m) Cut every 50mm. 12VDC RGB 72W - 14.4W/m IP67

### Product data

|                         |                                      |
|-------------------------|--------------------------------------|
| Light temperature       | RGB                                  |
| Adhesive                | No                                   |
| Track width (mm)        | 10                                   |
| Beam angle (°)          | 120                                  |
| Certs                   | CE, ROHS                             |
| Energy efficiency class | A+ (2021)                            |
| Dimensions (mm) LxWxH   | 5000 times 12                        |
| Dimmable                | Yes                                  |
| Cut distance (mm)       | 50                                   |
| Frequency (Hz)          | 50 - 60                              |
| Frequency of Use        | normal                               |
| Warranty                | According to legal warranty: 3 years |
| IP                      | IP67                                 |
| # Chips per meter       | 60                                   |
| Power (W)               | 72                                   |
| Power/m (W/m)           | 14.4                                 |

|                     |               |
|---------------------|---------------|
| Temperature range   | -20°F ~ +40°F |
| Nominal Voltage (V) | 12V DC        |
| Type of LED         | SMD 5050      |
| Key                 | RGB           |
| Outdoor Use         | Yes           |
| Recommended Use     | Garden        |
| Service life (h)    | 25,000        |
