

Ultra slim power supply 12V - 36W - IP20

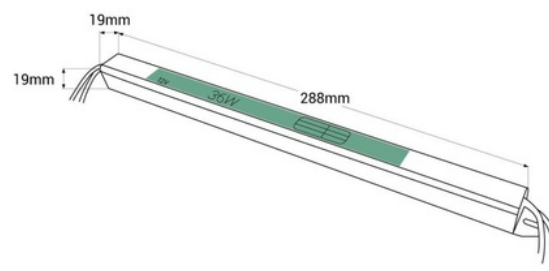

Ref. SSL-36-12

Ultra-thin 36W power supply with high efficiency. It is designed to power LED luminaires with a voltage of 12V and a maximum of 3A. Due to its slim design, at just 1.9 cm in height, it is particularly useful when the space to install a power source is limited. It's perfect for advertising light boxes or lightboxes, signage, and linear lighting.
