

Sunricher WIFI to RF Converter - Perfect RF Series

Ref. SR-2818WIN

Light up your home with just one click. The SR-2818WIN converter has been designed to convert WiFi signals into RF. It is compatible with receivers from the "SR-1009 Series", allowing RF controllers to be controlled via WiFi using the EasyLighting EasyLife app on mobile devices IOS and Android. This converter greatly simplifies control for users, as there is no need for remote controls; a mobile phone is sufficient. The WiFi-RF converter can be compatible with receivers in the "Perfect RF" series. *The device is connected to a 12v power supply (included).
