

## Flexible LED neon 360° circular RGB - Ø22mm - 2 meters - 24V DC- 240Ch/m - 28W/m - IP65

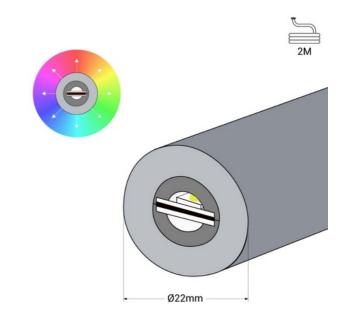

## Ref. NSD22-2M-RGB

Product data

The 360° RGB flexible LED Neon allows achieving a highly impactful decorative lighting. By incorporating a double LED strip, it features a high density of SMD3838 LED chips (240 chips/m), ensuring powerful, stable, and uniform illumination. It emits light across its entire surface, allowing for installation in various positions, even surrounding objects. Its IP65 protection rating allows for outdoor use and ensures its durability.

| Light temperature                    | RGB                                     |
|--------------------------------------|---|
| Opening angle (°)                    | 360°                                    |
