

Silicone fixing clip for Neon Flex LED

Ref. B3250

Silicone fixture for high-resistance 24V-DC Flex LED Neon. Use this small silicone piece to quickly and easily attach neon lights to the wall or ceiling. It also serves as a complement to metal clips. They are very easy to use; secure one side to the wall with a nail or screw, then adjust the rubber to the neon and fasten the other side through one of the available holes for that purpose.
