

Smart WIFI Dimmer 200W On/Off Function

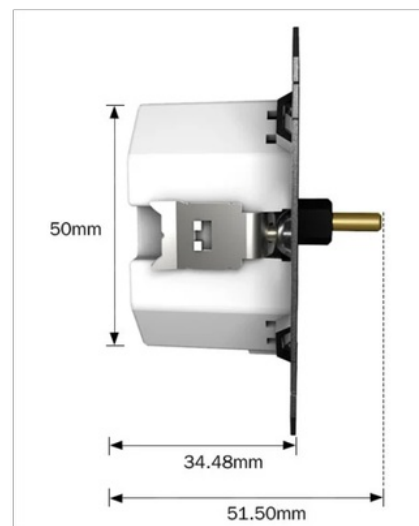

Ref. B704-WIFI

Dimmer Smart WIFI 200W. This LED dimmer allows us to control the intensity from 0 to 100% just by turning the circular knob or through any device with the TUYA app. It contains a switched switch to turn the LED lighting on and off from two different points in the room (with the accompaniment of another switched switch). When working with the TUYA app, it supports the use of Amazon Alexa and Google Home. It is compatible with most recessed housings such as Busch Jaeger, Jung, Berker, etc. * A qualified professional and/or advice from our technicians is required for its installation.

Product data
