# Merrytek IR remote control for industrial High-bay light sensor

Ref. B8137-CONTROL

The Merrytek Remote Control allows you to remotely control the LED hoods with reference B8137-B8138, equipped with a motion sensor. It is possible to adjust the light intensity, the sensitivity of the motion detector, the duration of the on time, and the wait time of the lights. It works with 2 AAA batteries (not included) and has a range of up to 15 meters. With the remote control, you will have complete and personalized control of your lighting fixtures, optimizing illumination and saving energy.

Product data

Certs	CE, ROHS
Energy efficiency class	A+ (2021)
Connectivity	IR translates to "Infrared" in English (US).
Dimensions (mm) LxWxH	174 x 56 x 27.5
Control distance	15m
Frequency of Use	Intensive
Warranty	According to legal warranty: 3 years
IP	IP20
Material	Plastic
Temperature range	-20°F to +50°F
Outdoor Use	No
Service life (h)	<n_generated_text>35000</n_generated_text>
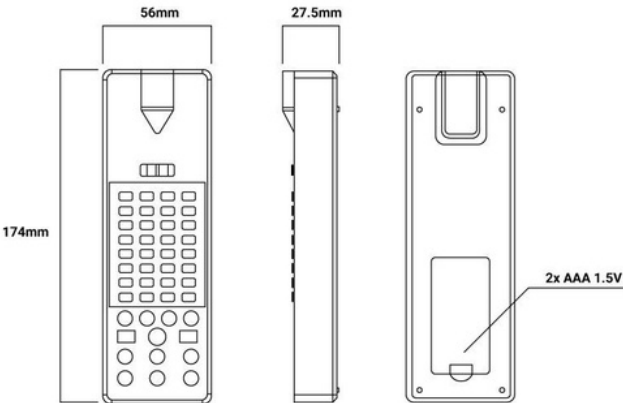

Reference	Attributes

B8137-CONTROL
