

Microwave motion sensor for ceiling 360° IP20

Ref. S2140

Microwave motion detector/sensor for ceiling mounting, surface placement. 360° motion detection range and action zone of 3 to 10 meters. The microwave motion sensor operates even through doors, partitions, glass, windows, or thin walls. 230V - Max. 300W LED Ø94x42mm ∠ 360° ⇔ 3-10m IP20

Product data

Detection angle (°)	360
Certs	CE, ROHS
Energy efficiency class	A+ (2021)
Connectivity	Microwave
Dimensions (mm) LxWxH	Ø94x42
Frequency (Hz)	50 - 60
Frequency of Use	Intensive
Guarantee	According to legal warranty: 3 years
Maximum intensity (A)	6
IP	IP20
Material	Plastic
Assembly	Surface
Orientable	No
Maximum power (W)	300
Detection range (m)	3-10
Temperature range	-20°F ~ +40°F

Nominal Voltage (V)	230
Outdoor Use	No
