

## Wall dusk sensor - Automatic photocell - 220-240V AC

## Ref. S2180

Microwave motion sensor/detector. Mounting on wall/surface with a detection range of 360°. Microwave sensors detect motion even through doors, panels, glass, or thin walls. 230V - Max. 1000W LED  $100x70x31mm \angle 360^{\circ} \Leftrightarrow 1.8m LP20$ 

## **Product data**

Detection angle (°)	360
Certs	CE, ROHS
Energy efficiency class	A+ (2021)
Connectivity	Microwave
Dimensions (mm) LxWxH	100x70x31
Frequency (Hz)	50 - 60
Frequency of Use	Intensive
Guarantee	According to legal warranty: 3 years
Maximum intensity (A)	10A
IP	IP20
Material	Plastic
Assembly	Surface
Orientable	No
Temperature range	-20°F ~ +40°F
Nominal Voltage (V)	230
Outdoor Use	No
