

Outdoor LED Projector with Motion Sensor- IP54 - 120° - 4000K- 20W

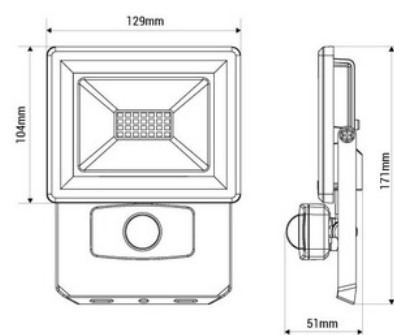

Ref. B1461-S

Compact and durable outdoor LED projector with PIR sensor, featuring high-quality standards. It incorporates a high-precision PIR sensor, which allows for the adjustment of various parameters such as range, light level, and the lighting duration, to meet the user's needs. It has a power of 20W and a luminous efficacy of 100 lm/W, making it an ideal product for replacing traditional floodlights, which will also allow for significant energy savings. It emits light in a neutral white tone (4000K). Thanks to its IP54 protection rating, it is suitable for outdoor use.
