

Decorative braided textile electric cable 2x0,75 black and white - 10 meters

Ref. LN001-TBN-10

Decorative electrical cable braided with a textile coating in an original intertwined black and white color, available in rolls of 10 and 50 meters. Ideal for creating environments with different types of sockets and bulbs, both industrial and vintage. Use the cable in vintage industrial environments, it's perfect for settings where black and white are predominant.
