

Emergency light conversion kit for LED luminaires - Max. 40W

Ref. B1054

The conversion kit transforms any LED fixture into an emergency light in case of power outages. Adaptable to various LED fixtures of 110-240V, such as panels and downlights. With a battery life of 3 hours, it supports up to 45W and is easy to install. Includes a tricolor indicator for monitoring operational status. An effective and aesthetic solution for emergency situations.
