

Square tilting downlight ring for GU10 / MR16 bulb - Low UGR - Cutout Ø75 mm

Aro downlight square adjustable specially designed to accommodate GU10/MR16 LED bulbs or modules. The design allows light to be focused on the desired point, avoiding any type of glare, thus ensuring maximum visual comfort (low UGR). This recessed ring is highly versatile and can be used in both residential and commercial settings, whether in new constructions or to replace existing fixtures. Available in 5 color combinations. ** Bulb not included**
