

Square tilting double downlight ring GU10/MR16 - Low UGR - Cutout 75 x 150mm

Square double cardan type arm specially designed to accommodate GU10/MR16 LED bulbs or modules. Its design allows light to be focused on the desired point, avoiding any type of glare, thus ensuring maximum visual comfort (low UGR). This versatile recessed ring can be used in both residential and commercial settings, whether in new construction or to replace existing fixtures. Available in 5 color combinations. ** Bulb not included**
