

Square tilting triple downlight ring GU10/MR16

- Low UGR - Cutout 75 x 235mm

Square triple cardan type socket specially designed to accommodate GU10/MR16 LED bulbs or modules. Its design allows light to be focused on the desired point, avoiding any kind of glare, thus ensuring maximum visual comfort (low UGR). This versatile recessed ring can be used in both residential and commercial settings, whether in new construction or to replace existing bulbs. Available in 5 color combinations. ****Bulb not included****
