

Pack of 2 slim LED panels 120X60cm - PHILIPS Driver - 72W - UGR19

PACK x 2 recessed LED panels 120x60cm - PHILIPS driver. The panels feature a sleek, ultra-slim design and cutting-edge technology that allows them to provide powerful, uniform lighting in 3 shades: warm white (3000K), neutral white (4000K), and cool white (6000K). They are high-efficiency fixtures that have a power of 72W and a luminous flux of 5900 lumens. They incorporate a micro-prismatic diffuser that ensures glare-free lighting ($UGR \leq 19$), ideal for offices, conference rooms, schools, or hospitals. Thanks to their high color reproduction index ($CRI > 80$), they reproduce colors very similarly to natural light. The panels can be mounted in false ceilings or directly embedded in plasterboard using a recessed frame (not included).
