

Black flexible silicone sleeve for converting LED strip to neon - 16x16mm - 5 meters - Vertical curvature

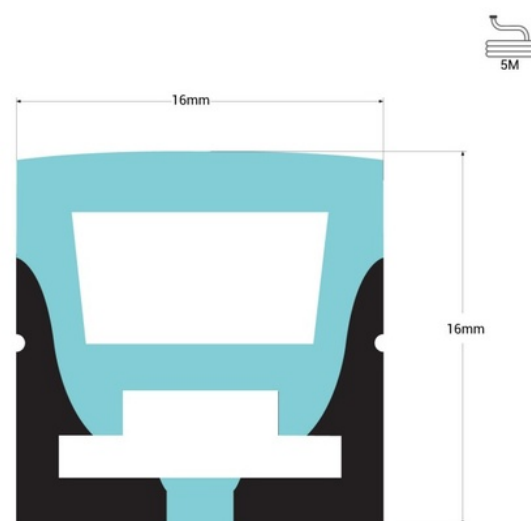

Ref. WOS1616-N

Black silicone casing of 16x16mm that allows converting any LED strip of 8 to 12mm wide into a flexible neon. Available in a length of 5 meters, it has a guide inside to facilitate the installation of the LED strip. Designed specifically for vertical curvature, it is ideal for creating contours. To create shapes or letters, we recommend the reference WOS1616-S. ** Does NOT include LED strip, staples, or caps**
