# Flexible silicone sleeve to convert LED strip to neon - 30x20mm - 5 meters - Vertical curvature
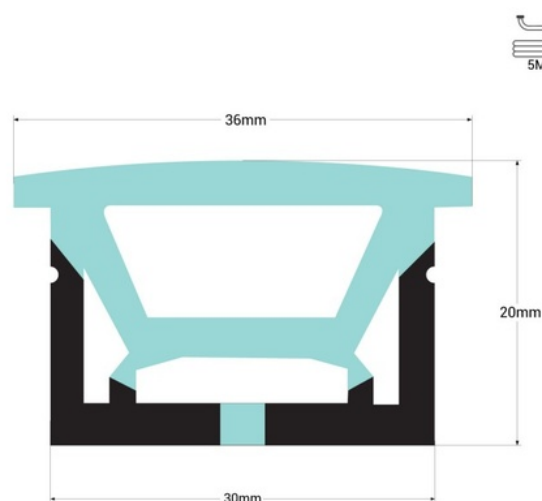

Ref. WOS3020-E

30x20mm recessed silicone base that allows you to convert any LED strip from 8 to 15mm wide into a flexible neon. Available in a 5-meter length, it features a guide inside to facilitate the installation of the LED strip. Designed for vertical curvature, ideal for creating contours. To create shapes or letters, we recommend the reference WOS1616-S. ** Does NOT include LED strip, staples, or caps**
