

RF push button mechanism Single color dimmer switch for LED lighting - SUNRICHER - Easy RF

Ref. D2801K1

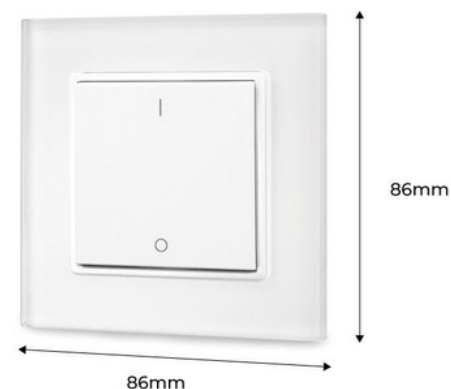

Dimmable single-key push control. Turns on, off, and adjusts the brightness settings for monochrome LED lights. The dimmable switch provides smooth and precise dimming from 0.1% to 100% without any flicker. Control your lighting fixture via WiFi through an app on iOS and Android systems. * Installation requires a qualified professional and/or consultation with our technicians. Compatible with the Sunricher Easy RF product range.
