

WIFI SMART RGB / RGBW + CCT - 60x60 cm - 40W - With mounting kit

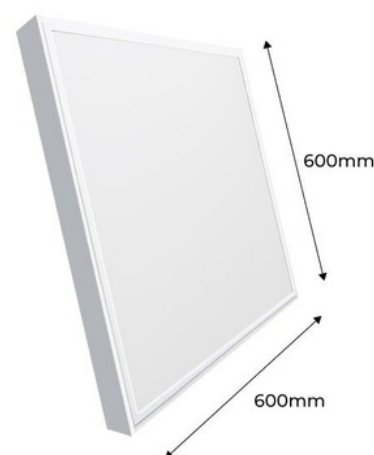

Ref. B4292-RGBW

The WIFI SMART RGB / RGBW + CCT LED panel features a sleek and ultra-slim design along with cutting-edge technology that allows it to provide powerful, uniform, and glare-free lighting. It is a high-efficiency luminaire that has a power of 40W and a luminous flux of 3500 lumens. With a remote control or the TUYA app, it is possible to control the panel's lighting, which offers endless color options by incorporating the RGBW system, as well as three shades of white thanks to its CCT system: warm white, neutral white, and cool white. You can also adjust its intensity from 0.1% to 100%, and you can create color transition programs to achieve stunning effects. Includes surface installation kit with all the accessories for easy and quick assembly. ** Remote control included - This panel model is no longer compatible with Mi-Light remotes and controls**.
