

Square downlight ring for GU10/MR16 bulb - Opal diffuser - Cut Ø 75-80 mm - IP54

Aro downlight square made of polycarbonate specifically designed to house GU10/MR16 LED bulbs. It features an elegant and simple appearance, easily integrable into various environments and styles. It incorporates an opal diffuser that provides diffuse and uniform lighting, without glare. Its IP54 protection rating provides resistance to dust and moisture, allowing it to be installed in environments such as bathrooms or covered outdoor areas. It is available in two colors: white and black. This versatile recessed ring can be used in both residential and commercial settings, whether in new construction or to replace existing fixtures. ** Bulb not included **
