

Suspension LED spotlight for magnetic rail with ZOOM 15°-60° - 48V - 8W - UGR16 - CRI95

The LED suspension spotlight for magnetic track with zoom is a state-of-the-art fixture with a modern design. With a power of 8W, it emits a high-quality light in warm white (2700K) tone. It has a low glare rating (UGR16) and a high color rendering index (CRI>95). In addition, it features zoom, so it is possible to adjust the light beam angle from 15° to 60°. It easily installs by pressing the base onto the rail, without the need for tools. To adjust its height, it has a small piece at the top of the bulb, which, when pressed, will shorten or lengthen the cable. It operates at 48V, making it safe for children and pets.
