

LED ceiling light with PIR sensor- 20W - Ø30cm - IP20

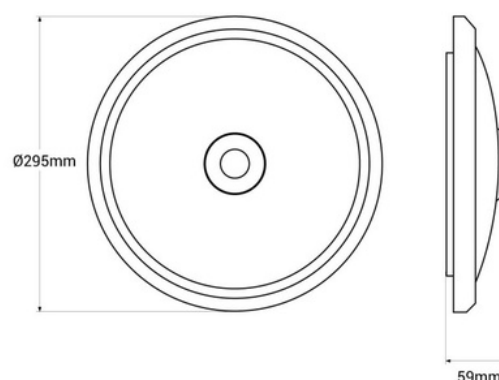

Ref. B1296-S-BN

The 20W circular LED ceiling panel provides homogeneous and high-quality lighting, without dark areas or shadows. It incorporates a motion sensor that activates the lighting only when detecting presence, providing significant energy savings. Ideal for placement in entrances, stairways, storage rooms, residential communities, gym locker rooms, public restrooms, among others. It has a CRI >80, which allows for a true representation of colors, similar to natural light. Available in neutral white (4000K).
