

LED tube T8 special butcher's shop 150cm 22W

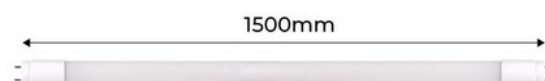

Ref. B4015-150-CAR

LED Tube T8 150cm for Butcher Shops. 22W high-efficiency LED tube. Provides a pink light to highlight meat products. This enhances and provides freshness to the red of the meat. Make your meat more succulent and increase your sales. Perfect for installation in refrigerated displays and all areas where products are displayed, suitable for illuminating butcher shops, supermarkets, and large surfaces. No strobe effect. High-performance and efficient LED chip, uniform lighting of over 300 degrees. Lightweight and durable solution. Made of high-quality nano plastic and ABS. The LED Tube with pink light enhances the color of meat, giving it a fresh appearance and making the product more tempting. The high color rendering index naturally displays the true color. For meat lighting, LED fixtures are specially designed to enhance color and highlight the freshness of the product. This range of LED lamps is perfect for butcher shops, rodizios, gourmet stores, among other businesses.
