

Corner watertight connector - 220V COB LED strip - 2 pins - 12mm strip - IP67

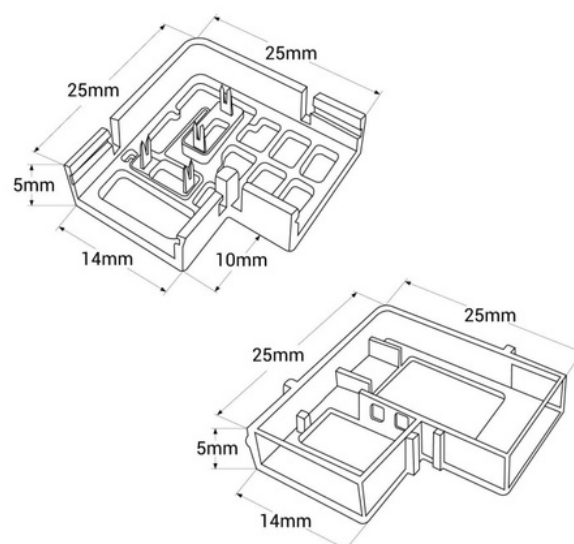

Ref. B1536-L

IP67 waterproof L connector for 220V COB LED strips. Allows for quick and easy connection of 90° sections of COB LED strips without the need for tools. For strips of 12 mm in total width, considering their silicone coating. Incorporate 2 pins. Due to its IP67 protection rating, it prevents the ingress of water and dust. Ideal for outdoor use.
