

Design lamp "READER" - 3W

The "READER" design lamp is a work of art in itself. With a minimalist character, it combines the functionality of lighting with sculptural art. The detailed sculpture of a person sitting and immersed in their reading is an artistic representation of the passion for books and culture. The high-quality white resin with a glossy finish adds a touch of sophistication and elegance to the piece. It incorporates a warm, soft light that emanates from its face, creating a cozy and relaxing atmosphere. This floor lamp is a perfect addition to any interior space that values culture and art.
