

LED wall light for bathroom mirror - 5W

Simple and timeless LED bathroom light fixture with chrome side edges, ideal for mounting above or beside a mirror. It has a high color rendering index (CRI=80), allowing colors to be viewed with high fidelity, similar to natural light. In addition, its polycarbonate diffuser evenly distributes light across the entire fixture, thereby minimizing shadows on the face and making this luminaire a perfect product to install above the bathroom mirror. It has a luminous power of 5W and an IP44 protection rating, which ensures its durability in high-humidity environments and even makes it resistant to splashes. It is available in two light shades: neutral white (4000K) and warm white (3000K).

Product data

Light temperature	3000°K, 4000°K
Certs	CE, ROHS
CRI	80
Dimensions (mm) LxWxH	300x46x43
