

LED T8 nano tube special butcher's shop 90cm 14W

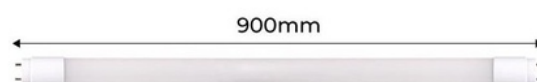

Ref. B4015-90-CAR

90cm LED T8 Tube Special for Butcheries. Nano LED tube with a power of 14W. Pink/red light to highlight the colors of meat products. Thanks to its lighting, we manage to enhance the freshness of the meat, making it more appealing to the customer and increasing your sales. A lightweight and safe solution made from high-quality nano plastic and ABS. Perfect for installation as butcher shop lighting, supermarkets, and large surfaces. The LED tube with pink light enhances the color of the meat, giving it a fresh appearance and making the product look more tempting. The high color rendering index displays the true color naturally. For meat lighting, LED fixtures are specially designed to enhance color and highlight the freshness of the product. This range of LED lamps is perfect for butcher shops, rodizios, gourmet stores, and other businesses.
