

Ref. SR-2300TS-RGB-EU

Diagram illustrating the front side of the RGB color slider. The slider is labeled "RGB color slider" at the top. It features four positions labeled Z1, Z2, Z3, and Z4. Below the slider, four buttons are shown with their respective functions:

- ON/OFF button:** Indicated by a power icon.
- Scene button:** Press and hold down to save a scene, click to recall. Indicated by an "S" icon.
- Play/Pause button:** Click to play/pause running effects, press and hold down to speed up/down. Indicated by a play/pause icon.
- RGB brightness button:** Press and hold down to increase/decrease light intensity. Indicated by a light bulb icon.

The front side of the device is labeled "Front side" at the bottom.
