

Single-color DALI and PUSH Dimmer Controller - 400W - 1 channel - 100-240V AC - Sunricher

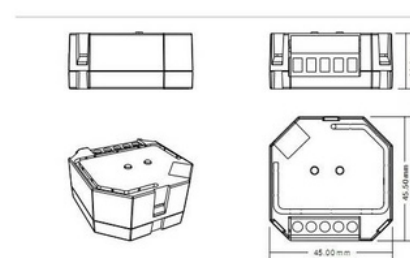

Ref. SR-2303SAC-HP

The SR-2303SAC-HP controller is a trailing edge phase cut dimmer with one channel controllable via DALI and PUSH (button). It features input and output at 100-240V/AC and 1 channel with a maximum output of 400W. It is suitable for dimmable LED lamps, halogen lamps, or phase-cut dimmable power supplies. It features an innovative user-adjustable minimum brightness function, which can be regulated up to 100%. Mini size, easy to install in a standard 86x86mm wall box. **Compatible with DALI-2**
