Permanent emergency light 3W - 250lm - 3h of autonomy

Ref. B1050-PERM

The permanent LED emergency light has a power of 3W and a brightness of 250 lumens. The light source is permanently on, both in the presence of electrical supply and in its absence, thus ensuring constant visibility in environments with low natural light or in the event of a power outage. It can be installed on the surface or recessed.
