

Three-phase LED spotlight 30W special for fish and seafood

Make both the fish and seafood in your store and display stand out for their quality and freshness thanks to the special three-phase spotlight for fish and seafood. Enhance the colors of the products. This is due to its integrated chip R00AA19, specialized in fish and seafood lighting. The LED Triphasic projector with blue light enhances the color of the fish, giving it a fresh appearance and making the product more tempting. This range of LED lights is perfect for fish markets, supermarkets, or businesses in general. 30W 230V Special fish and seafood
