

## RGB/RGBW Dimmer PMW Controller - 12-36V DC (4 channels 8A/channel) - SUNRICHER RF Receiver - Perfect RF

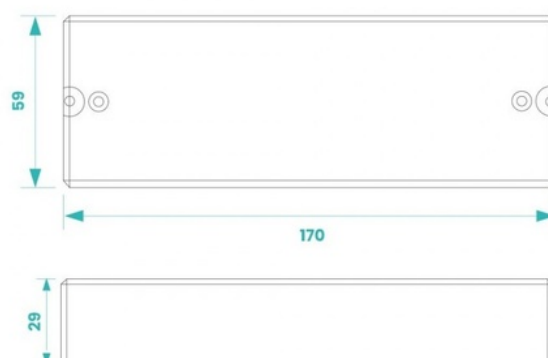

### Ref. SR-1009EA

Dimmable RGB/RGBW controller for LED strips, designed with durable materials and excellent insulation that make it safe, reliable, and long-lasting. It has 4 channels with a maximum of 8A each and supports a voltage range of 12-36V DC. It incorporates PWM control technology and is compatible with a wide variety of remote controls, allowing for the control of LED strips or monochrome LED fixtures, RGB, and RGBW.
