

WIFI SMART RGB / RGBW + CCT recessed LED panel - 60x60 cm - 40W - With mounting kit

Ref. B4295-RGBW

The smart WIFI RGB / RGBW + CCT recessed LED panel features a sleek, ultra-slim design and cutting-edge technology that allows it to provide powerful, uniform, and glare-free lighting. It is a high-efficiency luminaire with a power of 40W and a luminous flux of 3500 lumens. By using a remote control or the TUYA app, it is possible to control the panel's lighting, which offers infinite color options by incorporating the RGBW system, as well as three shades of white thanks to its CCT system: warm white, neutral white, and cool white. You can also adjust its intensity from 0.1% to 100%, and you can create color transition programs to achieve stunning effects. Includes kit for recessed installation, with all the accessories for a simple and quick assembly. ** Remote control included - This panel model is no longer compatible with Mi-Light remotes and controls**.
