

LED strip under cabinet T5 - 150 cm - 18W opal - CCT

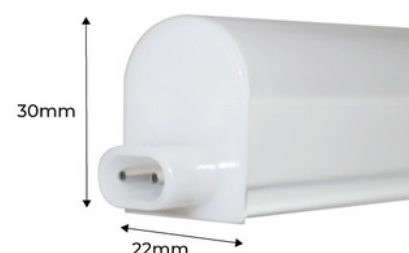

Ref. B1780-5-150CCT

The 150 cm T5 LED Under-Cabinet Strip Light CCT is an ideal solution for replacing traditional fluorescent tubes, as it combines quality with substantial energy savings. It has 18W of power, providing great brightness, evenly distributed thanks to its opal diffuser. It incorporates the CCT system, allowing the color temperature to be adjusted between three different tones: warm white (3000 K), neutral white (4000 K), and cool white (6500 K), using an internally located selector. This strip is perfect for placing under kitchen furniture or wardrobes, providing indirect lighting for countertops, work surfaces, and cabinets. **Includes: end cap, screws, and set of metal staples for attachment**
