IP68

Waterproof LED strip start connector 10mm - 2 pins - IP68

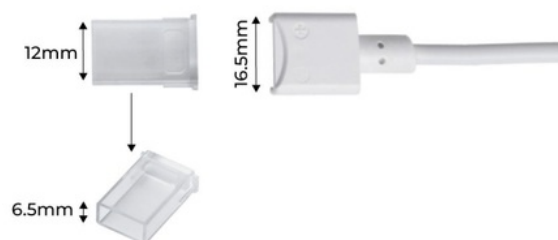

Ref. SDN10XB-2W200

Initial connector for waterproof LED strips IP68. Allows for quick and easy connection of LED strip sections without the need for tools. It incorporates the connector at one end and the positive and negative wire outputs at the other. For 10mm wide strips with silicone coating (total width: 12 mm). Completely waterproof, IP68 protection grade, prevents the ingress of water and dust. Includes 2 pins. Supports strips up to 5A, rated for 12V/24V/220V. Ideal for outdoor use.
