

Aluminum tilting profile for flexible LED wash light - 1 meter

Ref. K1939-PERFBASC

Tilting surface profile for flexible LED pool lights with references B1939-270 and B1939-RGB. This profile is specially designed to anchor to walls, floors, or other types of surfaces and securely attach swimwear while protecting it from external agents such as dust or moisture. As a tiltable device, it can be oriented in the desired direction at an angle of up to 45°. The combination of the profile and the flexible swimsuit is ideal for illuminating the facades of restaurants, offices, shopping centers, nightclubs, fashion warehouses, etc. ** Includes 1 meter aluminum profile + mounting accessories (metal clips + screws)**
