

Magnetic rail 20mm recessed - 48V - 2 meters

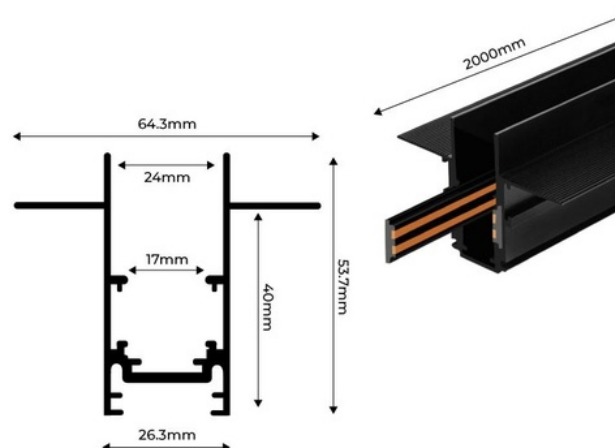

Recessed magnetic track of 20 mm made from high-quality aluminum, available in white and black. It allows for very simple placement of LED magnetic lights according to the needs of each project. It offers numerous configuration possibilities and can be installed on both ceilings and plasterboard walls, posing no risk to users as it operates at low voltage (48V). **Includes a plastic cap to cover the free surface between fixtures and two end plugs**
