

CCT LED 1-phase track spotlight - 40W - CRI 90 - White

LED spotlight for single-phase track that stands out for its compact design and the high quality of its components. Its powerful COB LED chip light beam illuminates details with precision, featuring a high color rendering index (CRI >90), allowing for the natural display of true colors. It features a horizontal rotating body of 350° and vertical of 90°, and a focal light angle of 38°, providing an ideal spotlight for highlighting objects or products. In addition, its CCT system provides the option to adjust the color temperature, allowing for the selection of the type of light that best suits the needs of each project. Includes a honeycomb filter 80mm in diameter and 2mm thick to be placed at the focus to achieve glare-free lighting.
