

T8 LED tube strip with diffuser - 120cm

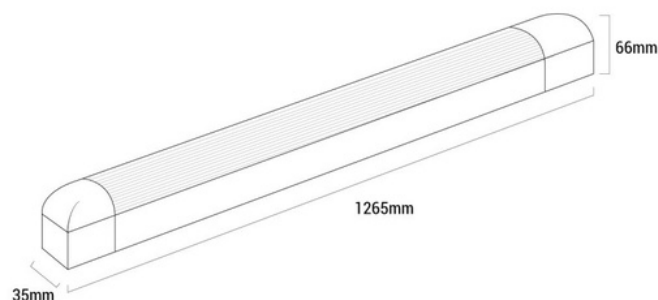

Ref. 6542001

The LED strip for T8 tubes is a perfect solution for the installation and protection of LED tubes. It incorporates a polycarbonate diffuser that provides soft and even light throughout the lighting area, minimizing glare and shadows. Its installation is simple and it is compatible with standard T8 LED tubes (not included), making it a very versatile option for lighting a variety of environments such as bathrooms, kitchens, hallways, or workspaces.
