

Aluminium outdoor wall light "Burno" - IP54 - E27

Ref. L5090

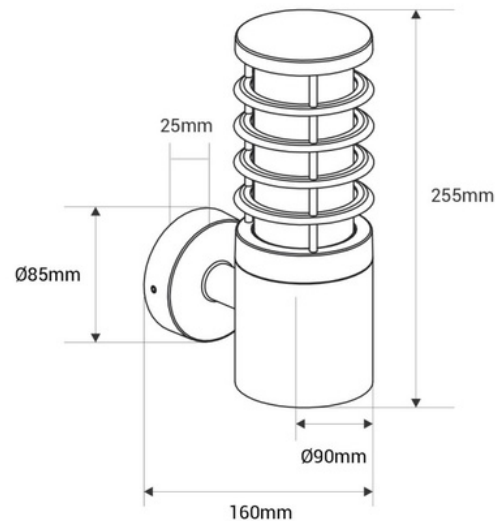

Aluminum outdoor wall lamp with a cylindrical design, modern and elegant. Made of black aluminum and opal polycarbonate diffuser that protects the bulb and creates a pleasant effect when light passes through. Due to its level of protection IP54, it is intended for use in covered outdoor areas, such as porches, terraces, and balconies.

****Accepts E27 G45 bulb - NOT included****
